Dear Hiring Manager,

I am writing to express my interest in a suitable entry-level position in your organization where I can contribute my skills as a Python Full Stack Developer and Web Developer. I have a strong foundation in Python, HTML, CSS, JavaScript, MySQL, along with experience in web design, backend development and digital advertising.

Through my studies, projects, and practical work, I have developed strong competencies in full-stack web development, database management and frontend design. I also have hands-on experience in building web applications, connecting databases, creating responsive user interfaces, running Meta ads and handling real-world eCommerce projects. I consistently bring professionalism, a strong work ethic and a mindset of continuous learning to everything I do.

I am highly motivated to begin my professional career in the IT field and grow within a challenging work environment that encourages learning and innovation. I believe my technical skills, adaptability, and enthusiasm for problem-solving will allow me to contribute positively to your team.

Thank you for taking the time to review my application. I would welcome the opportunity to discuss how my skills and dedication can add value to your organization.

Warm regards,
Aboobacker Rikkas
